

PVC-U-LIKE Winter newsletter 22/11/11

Dear Vinyl Lovers

Another year is almost at an end and what an incredible year this has been for PVC-U-LIKE. We placed the largest order ever for both materials and finished garments from our usual suppliers and two new suppliers in the Far East. We committed ourselves to spend over £70k and with all the new material arriving at once our cash flow creaked and we sweated for a few months whilst these new colours filtered out to our customers. Fortunately it was worth it with the nursery print and spotty materials proving very popular and our bank balance has now recovered!

Other big purchases this year include two totally refurbished welding machines at £2k each and a forklift to unload the Lorries. We have also taken on another seamstress which brings our total workforce to 3 seamstresses, 6 welders, 3 cutters, 1 designer, 1 dispatcher, 2 office staff, 1 supervisor, 1 cleaner, myself and a couple of mice!

Christmas is almost here and as usual we are very busy so our cut off for guaranteed delivery this year is November 30th, any orders received after this date may not be delivered in time for Christmas. Please note that we close at 12pm Christmas eve and do not return until Tuesday 3rd of January 2012.

New Materials now in stock.
